In stock: Living Sober – B7

Living Sober is a wonderful companion to the Big Book for the newcomer to our program. "Anyone can get sober... the trick is to live sober." This 90-page paperback is chock full of practical tools to help the person who still wrestles with the obsession to drink. Some of my favorites: Remembering your last drunk, the origin of HALT (hungry, angry, lonely, tired) and tactics to be safe at events where alcohol is served. An AA classic since 1975. If your home group doesn't stock it, you can pick up a copy or five at the bookstore for \$5.50 or \$5.75 large print. Consider buying a few to circulate among your sponsees.
