

20/20 Vision

Metrolina Intergroup Association: Recovery, Unity, Service
November-December 2025

Hello All,

We're grateful to serve on the Metrolina Intergroup Association Steering Committee as we begin 2026. Intergroup is one of the ways we practice unity in real time. AA members and groups work together through steady, often unseen acts of service so that, when someone reaches out, AA in our area is easy to find and ready to help.

Intergroup supports our groups, districts, members, newcomers, families, and professionals. We maintain accurate meeting information, literature, chips, and a central point of contact across our region. We support Treatment Facilities and Corrections efforts that carry the message to some of the places we end up. We coordinate cooperation with the professional community and provide public information through CPC/PI. We support Unity by helping plan and coordinate our larger AA gatherings and events. And to keep this work on track, Nominations helps identify and encourage the next trusted servants.

Thank you to last year's Chairs for their leadership, and thank you to everyone serving this year, committee chairs, co-chairs, delegates, volunteers, and contributors. Intergroup works because a lot of people show up, work together, and keep it moving.

With unity and hope,

Buck R. — Steering Committee Chair

Lindsay R. — Steering Committee Co-Chair
